## FINANCIAL SECTION

## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of  
Camarillo Health Care District:

We have audited the accompanying financial statements of Camarillo Health Care District (District) as of and for the years ended June 30, 2019 and 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and State Controller's Minimum Audit Requirements for California Special Districts. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Camarillo Health Care District as of June 30, 2019 and 2018 and the changes in its financial position and its cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 7, the Schedules of Proportionate Share of the Net Pension Liability and of Contributions for the Cost Sharing Defined Benefit Pension Plan on page 27, the Schedule of Changes in the Net OPEB Liability and Related Ratios on page 28 to be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated February 25, 2020, on our consideration of the Camarillo Health Care District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Camarillo Health Care District's internal control over financial reporting and compliance.

**CAMARILLO HEALTH CARE DISTRICT**  
Management's Discussion and Analysis  
June 30, 2019

This discussion and analysis of the Camarillo Health Care District's ("District") financial performance during the stated period provides an overview of the District's operational activities that had an impact on the financial performance of the District.

This report consists of a series of financial statements with accompanying notes. The Statements of Net Position reflects the financial position of the District at June 30, 2019 and 2018. The Statements of Revenues, Expenses and Changes in Net Position provide the results from operations through the fiscal years ended June 30, 2019 and 2018 and reflect how the operating results for the fiscal years affected the Statements of Net Position.

The District uses a single enterprise fund for accounting and reporting the results of all operations. The statements referenced above include all assets and liabilities using the accrual basis of accounting, which is similar to accounting used by most private-sector companies. Accrual of current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The notes that follow the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements.

**CAMARILLO HEALTH CARE DISTRICT**  
Management's Discussion and Analysis  
June 30, 2019

The District is operated and reported as a single enterprise fund; there are no subsidiary fund statements presented as part of this report. The following is a summary of the net position of the District and the change in the net positions from the prior fiscal year.

	<u>2019</u>	<u>2018</u>
<u>Assets</u>		
Current Assets	\$ 4,183,405	\$ 3,525,101
Restricted Assets	5,316	2,968
Capital Assets	<u>1,387,102</u>	<u>1,475,733</u>
Total Assets	5,575,823	5,003,802
Deferred Outflows of Resources	<u>564,383</u>	<u>990,144</u>
Total Assets and Deferred	<u>\$ 6,140,206</u>	<u>\$ 5,993,946</u>
 <u>Liabilities</u>		
Current Liabilities	\$ 366,102	\$ 343,676
Long-term Liabilities	<u>2,031,422</u>	<u>3,135,372</u>
Total Liabilities	2,397,524	3,479,048
Deferred Inflows of Resources	743,482	211,794
Net Position	<u>2,999,200</u>	<u>2,303,104</u>
Total Liabilities, Deferred and Net Position	<u>\$ 6,140,206</u>	<u>\$ 5,993,946</u>

The net position of the District increased 30.22%, or \$696,096, as follows:

- Current assets increased by 18.67% (\$658,304) from the prior year due to increase in property tax revenue and decreases in operating expenses.
- A decrease in capital assets of 6.01% (\$88,631) is the result of current year depreciation expense, offset by acquisitions of equipment and furnishings.
- An increase in current liabilities of 6.53% (\$22,426) reflects an increase in accrued operating expenses and deferred revenue grant activity, offset by a decrease in accounts payable.
- A decrease in long-term liabilities of 35.21% (\$1,103,950) reflects current year debt repayment and decreased accrued postemployment liability from recognition of the \$500,000 contribution and changes in the underlying actuarial calculations.
- The decrease in deferred outflows of resources and the increase in deferred inflows of resources are due to pension and other postemployment activities.
- An increase in net position reflects the net income from operations of \$696,096.

**CAMARILLO HEALTH CARE DISTRICT**  
Management's Discussion and Analysis  
June 30, 2019

	<u>2019</u>	<u>2018</u>
Operating Revenue		
Program Revenue	\$ 445,987	\$ 420,491
Operating Grants	303,314	419,678
Bequest Distribution (Care-A-Van)	142,876	143,646
Other Operating Revenue	<u>31,009</u>	<u>33,669</u>
Total Operating Revenue	<u>923,186</u>	<u>1,017,484</u>
 Non-Operating Revenues (Expenses)		
Property Taxes	2,704,736	2,622,977
Investment Income	60,937	34,719
Other Non-Operating Revenue	67,132	42,850
Settlement from Claim	-	173,000
Loss on Disposal of Assets	(1,226)	(4,982)
Interest Expense	<u>(11,158)</u>	<u>(14,334)</u>
Total Non-Operating Revenue	<u>2,820,421</u>	<u>2,854,230</u>
 Program Expenses		
Salaries, wages and benefits	1,604,964	1,924,616
Professional fees	236,001	232,886
Depreciation	121,471	118,794
Other	<u>437,249</u>	<u>468,370</u>
Total Program Expenses	<u>2,399,685</u>	<u>2,744,666</u>
 Administration Expenses	<u>647,826</u>	<u>790,706</u>
 Change in Net Position	<u>\$ 696,096</u>	<u>\$ 336,342</u>

- Total Operating Revenues reflect a decrease of 9.27% (\$94,298), primarily due to a one-time grant of \$150,000 received in the prior year.
- Total Non-Operating Revenues decreased by 1.19% (\$33,809) due primarily to a settlement from a claim in the amount of \$173,000 received prior year, offset by increases in property taxes and investment income.
- Total Program Expenses decreased by 12.57% (\$344,981) due primarily to 3 unfilled positions during the year ended June 30, 2019 and a decrease in the amount of other postemployment benefit expense.
- Administration Expenses have decreased by 18.07% (\$142,880) due primarily to decreases in legal and professional expenses which were incurred in FY18 relating to the settlement of the claim and a decrease in the amount of other postemployment benefit expense.

## CAMARILLO HEALTH CARE DISTRICT

### NOTES TO FINANCIAL STATEMENTS

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization – Camarillo Health Care District (District) is a political subdivision of the State of California, classified as a public not-for-profit local government special district. The District encompasses the greater Camarillo area which includes Somis, the Las Posas Valley and a portion of the Santa Rosa Valley. The District's overall goal is to provide quality health and wellness related services to meet the needs of all District residents. The District's five-member Board of Directors comprises representatives who are elected at large and serve four year terms.

Reporting Entity – The District's reporting entity includes all significant operations and revenue sources which the District Board of Directors exercises oversight responsibility. Oversight responsibility is determined on the basis of selection of the governing board, designation of management, ability to significantly influence operations, accountability for fiscal matters, and the scope of public service. There are no component units included within the reporting unit.

Basis of Accounting – The Camarillo Health Care District is accounted for as a proprietary fund in accordance with generally accepted accounting principles as applied to governmental units. Proprietary funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises – where the expenses, including depreciation, of providing goods or services to the general public are recovered through user charges, or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and net income is appropriate for capital maintenance, public policy, management control, and other purposes. Because the District is accounted for as a proprietary fund, the District uses the economic resources measurement focus and the accrual basis of accounting is used for financial statement reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the Statement of Net Position. Net position is segregated into investment in capital assets and unrestricted.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing goods and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District are program fees charged to clients for services and grants received from other governmental agencies and private enterprises for operating purposes. Operating expenses include the cost of providing services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Principles of Presentation – The accompanying financial statements are presented utilizing the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Significant estimates used in preparing these financial statements include:

- Depreciation expense
- Compensated absences
- Allowance for uncollectible receivables
- Investments
- Accrual of net pension liability
- Accrual of other postemployment benefits

Cash and Cash Equivalents – For the purpose of the Statement of Cash Flows, the District considers all highly liquid investments with original maturities of 90 days or less to be cash and cash equivalents. The District considers funds in the Local Agency Investment Fund and the Ventura County Treasury Fund to be cash equivalents.

Investments – Investments are carried at fair value.

The District's Investment Policy authorizes investments in obligations of the U. S. Treasury, U. S. Agencies, certificates of deposit, money market checking accounts, the Local Agency Investment Fund and the Ventura County Treasury Fund.

Capital Assets – Capital assets that are acquired and/or constructed are capitalized at historical cost. District policy has set the capitalization threshold for reporting capital assets at \$1,000. Depreciation is calculated using the straight-line method of depreciation over the estimated useful lives of the assets ranging from one to thirty-nine years.

Compensated Absences – The District accrues the estimated obligation for vacation pay as earned. Sick leave is not included in the accrual as the District does not pay for unused sick leave upon employee termination.

Deferred Outflows of Resources and Deferred Inflows of Resources – Deferred outflows of resources is a consumption of net position by the District that is applicable to a future period and deferred inflows of resources is an acquisition of net position by the District that is applicable to a future reporting period. Both deferred outflows and inflows are reported in the Statements of Net Position, but are not recognized in the financial statements as revenue and expenses until the period(s) to which they relate. Deferred outflows of resources and deferred inflows of resources are related to pensions and other postemployment benefits.

Pensions – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District's California Public Employees' Retirement System (CalPERS) cost-sharing multiple-employer defined benefit plan and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

Postemployment Benefits Other Than Pensions (OPEB) – For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Camarillo Health Care District Retiree Benefits Plan (Plan) and the additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

Net Position – Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources on the financial statements. Net position is classified in the following categories:

- Net investment in capital assets – This category includes capital assets, net of accumulated depreciation and reduced by any outstanding debt related to the acquisition, construction or improvement of those assets.
- Restricted – This category consists of net position with legal limitations imposed on their use by external restrictions by other governments, creditors, grantors, contributors, laws or regulations, or through constitutional provision, or enabling legislation. As of June 30, 2019 and 2018, the District did not have restricted net position.
- Unrestricted net position – This category consists of all other net position that does not meet the definition of restrict or invested in capital assets.

Budgets – The District annually adopts a budget prior to and for the upcoming fiscal year, which includes anticipated expenditures and their means of financing. Once adopted, the budget as approved is subject to amendment as considered necessary.

Property Taxes – Tax revenues are received by the District pursuant to its status as a political subdivision of the State of California.

Reclassifications – Certain reclassifications have been made to the prior year financial statements in order to conform to the presentation of the current year financial statements for comparative purposes. There is no material effect on the financial statements.

## 2. DEPOSITS AND INVESTMENTS

The District’s carrying value of deposits was \$558,211 and \$643,621 at June 30, 2019 and 2018, respectively. The corresponding bank balances were \$595,186 and \$684,447, respectively. Of the bank balances, \$500,000 was covered by Federal deposit insurance. The California Government Code requires all financial institutions to secure a local government agency’s deposits by pledging governmental securities as collateral. The market value of pledged securities must equal 110% of an agency’s deposits. California law also allows financial institutions to secure an agency’s deposits by pledging first trust deed mortgage notes having a value of 150% of an agency’s total deposits, and collateral is considered to be held in the name of the District. All cash held by financial institutions is, therefore, entirely insured or collateralized.

At June 30, the District had the following investments (all of which are considered cash equivalents):

	<u>2019</u>	<u>2018</u>
State of California Local Agency Investment Fund	\$ 3,435,696	\$ 2,682,428
Ventura County Treasury Investment Fund	<u>4,699</u>	<u>4,234</u>
Total	<u>\$ 3,440,395</u>	<u>\$ 2,686,662</u>

The District is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code Section 16429 under the oversight of the Treasurer of the State of California. LAIF is managed by the Local Agency Investment Advisory Board, which consists of 5 members, in accordance with State Statute. The State Treasurer’s Office audits the fund annually. The fair value of the position in the investment pool is the same as the value of the pool shares. The fair value of the District’s investment in this pool is reported at amounts based upon the District’s pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio. The share value of the District’s investment in LAIF is \$3,441,577 and \$2,677,403 at June 30, 2019 and 2018, respectively.

The County of Ventura Treasurer maintains a cash investment pool for all funds of the County and other agencies for which the County treasury is the depository. Interest earned on the pooled funds is allocated and credited to these funds quarterly. Interest is apportioned to the District based on the average daily balances on deposit with the County Treasurer. Investment earnings are accrued at year-end. The County Treasurer invests District funds in accordance with the County’s investment policy as approved by the Treasury Oversight Committee and the County Board of Supervisors. The policy emphasizes safety, liquidity, and yield and follows the “prudent investor rule”. The County Treasurer is authorized by Government Code Section to invest in U.S. Government Treasury and Agency Securities, certain commercial paper, bankers’ acceptances, corporate bonds and notes, repurchase agreements and the State of California Local Agency Investment Fund. The fair value of the District’s investment in the pool approximates cost.

To address credit risk, the District invests its funds in accordance with state statutes and the District’s investment policy. The criteria for selecting investments are, in order of priority, (1) safety – consideration of the potential loss of principal or interest, (2) liquidity – the ability to have funds available at any moment in time with a minimal potential loss and (3) yield – the optimum rate of return while preserving capital.

Restricted assets of \$5,316 and \$2,968 as of June 30, 2019 and 2018, respectively, are amounts received that are designated for program scholarship awards.

### 3. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2019 was as follows:

	Balance <u>June 30, 2018</u>	<u>Increases</u>	<u>Decreases</u>	Balance <u>June 30, 2019</u>
Capital assets being depreciated:				
Buildings and building improvements	\$ 3,124,230	\$ 10,557	\$ (6,316)	\$ 3,128,471
IS equipment	103,188	-	(4,465)	98,723
Equipment and furnishings	226,393	52,881	(29,113)	250,161
Transportation vehicles	<u>263,737</u>	<u>-</u>	<u>-</u>	<u>263,737</u>
Total capital assets	3,717,548	63,438	(39,894)	3,741,092
Less accumulated depreciation	<u>(2,241,815)</u>	<u>(150,842)</u>	<u>38,667</u>	<u>(2,353,990)</u>
Total capital assets, net	<u>\$ 1,475,733</u>	<u>\$ (87,404)</u>	<u>\$ (1,227)</u>	<u>\$ 1,387,102</u>

Capital assets activity for the year ended June 30, 2018 was as follows:

	Balance <u>June 30, 2017</u>	<u>Increases</u>	<u>Decreases</u>	Balance <u>June 30, 2018</u>
Capital assets being depreciated:				
Buildings and building improvements	\$ 3,129,358	\$ -	\$ (5,128)	\$ 3,124,230
IS equipment	161,919	29,335	(88,066)	103,188
Equipment and furnishings	232,388	4,428	(10,423)	226,393
Transportation vehicles	<u>263,737</u>	<u>-</u>	<u>-</u>	<u>263,737</u>
Total capital assets	3,787,402	33,763	(103,617)	3,717,548
Less accumulated depreciation	<u>(2,184,112)</u>	<u>(156,337)</u>	<u>98,634</u>	<u>(2,241,815)</u>
Total capital assets, net	<u>\$ 1,603,290</u>	<u>\$ (122,574)</u>	<u>\$ (4,983)</u>	<u>\$ 1,475,733</u>

### 4. DEFERRED REVENUE

Deferred scholarship revenue includes undisbursed donations received by the District that are designated by donors for specific internal scholarship use. The District records the restricted donations as deferred revenue until the restrictions are satisfied, at which time the donation is recorded as revenue.

### 5. LINE OF CREDIT

The District has a line of credit with a bank secured by inventory, chattel paper, account, equipment and general intangibles. The line of credit has a maximum borrowing amount of \$300,000, bears interest at .9% over the lender's base rate (Bank of the West prime rate), but not less than 4%. The line of credit does not have a maturity date. There were no borrowings on the line of credit during the years ended June 30, 2019 and 2018. There was no interest expense associated with the line of credit during 2019 or 2018.

## 6. LONG-TERM DEBT

The following is a summary of changes in long-term debt for the year ended June 30, 2019:

	<u>Balance</u> <u>June 30, 2018</u>	<u>Retirement</u>	<u>Balance</u> <u>June 30, 2019</u>	<u>Current</u>	<u>Long-term</u>
Installment Sale Agreement	\$ 361,648	\$ (85,482)	\$ 276,166	\$ 88,687	\$ 187,478

The following is a summary of changes in long-term debt for the year ended June 30, 2018:

	<u>Balance</u> <u>June 30, 2017</u>	<u>Retirement</u>	<u>Balance</u> <u>June 30, 2018</u>	<u>Current</u>	<u>Long-term</u>
Installment Sale Agreement	\$ 444,041	\$ (82,393)	\$ 361,648	\$ 85,482	\$ 276,166

The District entered into an installment sale agreement on September 1, 2014, with the Municipal Finance Corporation, to finance the renovation of the Adult Day Care Center. The District received \$600,000 under the agreement, which is to be repaid over a seven year period, including interest at 3.75%. The District's net revenue, as defined by the installment agreement, is pledged for the payment of the installment payment. The installment sale agreement was assigned to Citizens Business Bank on September 26, 2014.

Future debt service payments through maturity are as follows:

<u>Fiscal Year</u> <u>Ending June 30:</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2020	\$ 88,687	\$ 7,862	\$ 96,549
2021	92,014	4,443	96,457
2022	95,465	895	96,360
	<u>\$ 276,166</u>	<u>\$ 13,200</u>	<u>\$ 289,366</u>

## 7. RESTATEMENT OF NET POSITION

During the year ended June 30, 2019, it was determined that the District's net other postemployment benefit liability was overstated as of July 1, 2017. The overstatement resulted from an error in the methodology used to determine the net other postemployment benefit liability in connection with the adoption of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB). This resulted in an overstatement of other postemployment benefits of \$336,426 as of July 1, 2017. Net position as of July 1, 2017 has been restated as follows:

Net Position, as previously reported	\$ 1,630,336
Net other postemployment overstated	<u>336,426</u>
Net Position, as restated	<u>\$ 1,966,762</u>

## 8. DEFINED BENEFIT PENSION PLAN

### A. General Information about the Pension Plan

Plan Descriptions, Benefits Provided and Employees Covered – All qualified permanent and probationary employees are eligible to participate in the District's Miscellaneous Employee Pension Plan (Plan). The Plan is a cost-sharing multiple employer defined benefit pension plan administered by the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plan are established by State statute and Local Government resolution. The Plan provides retirement, death and disability benefits to plan members and beneficiaries. The benefit provisions of the plan's employees are established by statute. A full description

regarding number of employees covered, benefit provisions, assumptions, and membership information for the Plan is listed in the District's June 30, 2016 Annual Valuation Report. This report and CalPERS audited financial statements are publicly available reports that can be found on CalPERS website.

The Plan's provisions and benefits in effect at June 30, 2019, are summarized as follows:

	Prior to January 1, 2013	On or after January 1, 2013
Hire date	<u>2% @ 60</u>	<u>2% @ 62</u>
Benefit formula	5 years of service	5 years of service
Benefit vesting schedule	monthly for life	monthly for life
Benefit payments	60	62
Retirement age	7.000%	6.250%
Required employee contribution rates	8.099%	6.842%
Required employer contributions rates		

Contributions – Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in rate. The Plan's actuarially determined rate is based on the estimated amount necessary to pay the Plan's allocated share of the risk pool's costs of benefits earned by employees during the year. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

Beginning for the year ended June 30, 2016, CalPERS collected employer contributions towards unfunded liability as a dollar amount instead of the prior method of a contribution rate. The pool's unfunded liability is allocated to each individual plan based on the plan's total liability rather than by plan individual payroll. The District's unfunded liability payment for the year ended June 30, 2019 was \$70,585.

For the year ended June 30, 2019, the contributions recognized by the plan from the employer were as follows:

Contributions – employer	\$175,052
Contributions – employee	\$ 92,506

#### B. Pension Liabilities, Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2019, the District's reported net liability for its proportionate share of the net pension liability was \$1,423,420.

The District's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017 rolled forward to June 30, 2018 using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

The District's proportionate share of the net pension liability as of June 30, 2019 and 2018 was as follows:

Proportion - June 30, 2018	0.03676%
Proportion - June 30, 2019	0.03777%
Change - Increase (Decrease)	0.00101%

For the year ended June 30, 2019, the District recognized pension expense of \$139,957. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 175,052	\$ -
Net differences between projected and actual earnings on plan investments	7,037	-
Difference between expected and actual experiences	54,614	18,585
Changes in assumptions	162,274	39,770
Differences between actual contributions and proportionate share of contributions	-	144,301
Change in employer's proportion	91,509	-
Total	<u>\$ 490,486</u>	<u>\$ 202,656</u>

The \$175,052 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Measurement Period Ending June 30:	Deferred Outflows (Inflows) of Resources, Net
2019	\$ 110,605
2020	62,909
2021	(47,933)
2022	(12,803)
Total	<u>\$ 112,778</u>

Actuarial Methods and Assumptions - For the measurement period ended June 30, 2018 (the measurement date), the total pension liability was determined by rolling forward the June 30, 2017 total pension liability determined in the June 30, 2017 actuarial accounting valuation. The June 30, 2018 total pension liability was based on the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.50%
Projected Salary Increases	Varies by Entry Age and Service
Investment Rate of Return	7.50%
Mortality	Derived using CalPERS Membership Data
Post Retirement Benefit Increases	COLA up to 2.50% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.50% thereafter

The underlying mortality assumption and all other actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period 1997 to 2015, including updates to salary increase, mortality and retirement rates. The Experience Study can be found on the CalPERS' website under Forms and Publications.

Discount Rate – The discount rate used to measure the total pension liability was 7.15%. To determine whether the municipal bond rate should be used in the calculation of a discount rate for the plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.15% discount rate is deemed adequate and the use of the municipal bond rate calculation is not necessary. The long-term expected discount rate of 7.15% is applied to all plans in the Public Employees Retirement Fund. The stress test results are presented in a detailed report called “GASB Crossover Testing Report” that can be obtained from the CalPERS’ website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds’ asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11–60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

Asset Class	New Strategic Allocation	Real Return Years 1 – 10 (a)	Real Return Years 11 + (b)
Global Equity	50.0%	4.80%	5.98%
Fixed Income	28.0%	1.00%	2.62%
Inflation Assets	0.0%	.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Estate	13.0%	3.75%	4.93%
Liquidity	1.0%	0.00%	-.92%

(a) An expected inflation of 2.0% used for this period

(b) An expected inflation of 2.92% used for this period

Amortization of Deferred Outflows and Deferred Inflows of Resources – Under GASB 68, actuarial gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time.

The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflow and deferred inflows of resources related to pension and are to be recognized in future pension expense.

The amortization period differs depending on the source of the gain or loss:

Net difference between projected and actual earnings on pension plan investments

5 year straight-line amortization

All other amounts

Straight-line amortization over the expected average remaining services lifetime (EARSL) of all members that are provided with pensions (active, inactive, and retired) as of the beginning of the measurement period

The net difference between projected and actual investment earnings on pension plan investments is amortized over a five-year period on a straight-line basis. One-fifth is recognized in pension expense during the measurement period, and the remaining net difference between projected and actual investment earnings on pension plan investments at the measurement date is to be amortized over the remaining four-year period. The net difference between projected and actual investment earnings on pension plan investments in the schedule of collective pension amounts represents the unamortized balance relating to the current measurement period and the prior measurement period on a net basis.

Deferred outflows of resources and deferred inflows of resources relating to differences between expected and actual experience, changes of assumptions and employer-specific amounts should be amortized over EARSL of members provided with pensions through the plan.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.15%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.15%) or 1 percentage point higher (8.15%) higher than the current year:

	1% Decrease 6.15%	Current Discount Rate 7.15%	1% Increase 8.15%
District's proportionate share of the net pension liability	\$ 2,393,811	\$ 1,423,420	\$ 622,378

Pension Plan Fiduciary Net Position – The plan's fiduciary net position disclosed in the District's GASB 68 accounting valuation report may differ from the plan assets reported in the District's funding actuarial valuation report due to several reasons. For the accounting valuations, CalPERS must keep items such as deficiency reserves, fiduciary self-insurance and OPEB expense included in fiduciary net position. These amounts are excluded for rate setting purposes in the District's funding actuarial valuation. Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

C. Payable to the Pension Plan

At June 30, 2019, the District reported a payable of \$4,287 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2019.

9. OTHER POST EMPLOYMENT BENEFITS

A. General Information about the OPEB Plan

Plan Description – The District's defined benefit OPEB plan (Plan) provides lifetime post-employment medical insurance to eligible retirees and their spouses through the California Public Employees Retirement System (CalPERS). The Plan is a single-employer defined benefit OPEB plan administered by the CalPERS Board of Administration. The Plan does not issue a publicly available financial report.

Benefits Provided – The Plan provides healthcare benefits for retirees and their dependents. Benefits are provided through a third-party insurer. Annually, the District establishes a maximum monthly premium that the District will contribute to the cost of current-year health insurance premiums. For calendar year 2019 and 2018, the maximum monthly contribution by the District was \$790 per retiree.

Employees covered by benefit terms – As of the June 30, 2019 actuarial valuation, the following current and former employees were covered by the benefit terms under the Plan:

Inactive employees or beneficiaries currently receiving benefit payments	6
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	<u>25</u>
Total	<u>31</u>

Contributions - The contribution requirements of the Plan are established by the District’s Board of Directors. During the year ended June 30, 2011, the District entered into an agreement and election to prefund OPEB through CalPERS in the California Employer’s Retiree Benefit Program (CERBT). For the fiscal years ended June 30, 2019 and 2018, the District’s cash contributions were \$0 and \$500,000, respectively, in payments to the trust.

**B. Net OPEB Liability**

The District’s net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation using the Alternative Measurement Method as of that date.

Actuarial assumptions – The total OPEB liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate	6.75%
Inflation	3.00%
Salary Increase	3.00%
Investment Rate of Return	6.75%, net of OPEB plan investment expenses
Medical Cost Trend Rate	6.00% for 2018 decreasing by 0.10 percent each year to an ultimate rate of 5.00% for 2028 and later years

Pre-retirement mortality rates were based on the RP-2014 Employee Mortality Table for Males or Females, as appropriate, without projection. Post-retirement mortality rates were based on the RO-2017 Health Annuitant Mortality Table for Males or Females, as appropriate, without projection.

Investment Policy – The allocation of the plan’s invested assets is established by CERBT Strategy 1. The objective is to seek returns that reflect the broad investment performance of the financial markets through capital appreciation and investment income. The asset allocations and benchmarks for CERBT Strategy 1 are listed below:

<u>Asset Class</u>	<u>Target Allocations</u>	<u>Target Range</u>	<u>Benchmark</u>
Global Equity	57%	± 2%	MSCI All County World Index IMI (net)
Fixed Income	27%	± 2%	Bloomberg Barclays Long Liability Index
Treasury Inflation-Projected Securities	5%	± 2%	Bloomberg Barclays US TIPS Index
Real Estate Investment Trusts	8%	± 2%	FTSE EPRA/NAREIT Developed Liquid Index (net)
Commodities	3%	± 2%	S&P GSCI Total Return Index
Cash	0%	± 2%	91 Day Treasury Bill

Rate of Return – For the year ended on the measurement date, the annual-money-weighted rate of return on investments, net of investment expense, was 3.20 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts invested.

Discount rate – GASB 75 requires a discount rate that reflects the following:

- a) The long-term expected rate of return on OPEB plan investments – to the extent that the OPEB plan’s fiduciary net position (if any) is projected to be sufficient to make projected benefit payments and assets are expected to be invested using a strategy to achieve that return;
- b) A yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher – to the extent that the conditions in (a) are not met.

To determine a resulting single (blended) rate, the amount of the plan’s projected fiduciary net position (if any) and the amount of projected benefit payments is compared in each period of projected benefit payments. The discount rate use to measure the District’s total OPEB liability is based on these requirements and the following information:

Reporting Date	June 30, 2019
Measurement Date	June 30, 2018
Long-term Expected Return of Plan Investments (if any)	6.75%
Municipal Bond 20-Year High Grade Rate Index	3.13%
Discount Rate	6.75%

Changes in the Net OPEB Liability

The changes in the net OPEB liability for the Plan are as follows:

	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (Asset) (a) - (b)
Balances at 6/30/18, as restated	\$ 2,400,273	\$ 990,100	\$ 1,410,173
Changes for the year:			
Service cost	112,245	-	112,245
Interest	117,178	-	117,178
Changes in assumptions	(218,274)	-	(218,274)
Plan experience differences	(430,717)	-	(430,717)
Contributions - employer	-	531,131	(531,131)
Net investment income	-	39,820	(39,820)
Benefit payments	(31,131)	(31,131)	-
Administrative expenses	-	(870)	870

C. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2019, the District recognized OPEB expenses of \$46,834. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
OPEB contributions subsequent to measurement date	\$ 38,423	\$ -
Difference between expected and actual experience	-	358,931
Change in assumptions or other inputs	-	181,895
Differences between projected and actual return on investments	<u>35,474</u>	<u>-</u>
Total	<u>\$ 73,897</u>	<u>\$ 540,826</u>

The \$38,423 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized as pension expense as follows:

<u>Measurement Period Ending June 30:</u>	<u>Deferred Outflows (Inflows) of Resources, Net</u>
2020	\$ (99,296)
2021	(99,296)
2022	(99,296)
2023	(99,296)
2024	<u>(108,168)</u>
Total	<u>\$ (505,352)</u>

## 10. RISK MANAGEMENT

The District is exposed to potential losses from claims arising from its business operations including, torts, theft, errors and omissions, injuries to employees, and natural disasters. The District maintains insurance coverage through independent carriers for property and equipment and employee dishonesty. There have been no significant reductions in insured coverage.

The District participates in the workers' compensation program organized by the Association of California Hospital Districts, Inc., ALPHA Fund Joint Powers Agreement (ALPHA). ALPHA is a Joint Powers Authority (JPA) which is comprised of 56 participants organized pursuant to the California Government Code. The purpose of the JPA is to arrange and administer programs of insurance for the pooling of self-insured losses and to purchase excess insurance coverage, whereby the risk of loss is mitigated by the public entity pool. The Fund currently has \$1,000,000 of workers' compensation coverage. The JPA is not a component unit of the District for financial purposes, as explained below.

ALPHA provides workers' compensation insurance for the District. Periodic deposits paid by each participant for the workers' compensation joint protection are computed based on independent actuarial computations taking into account factors such as the participants' number of employees, types of employees, annual budget, all relevant loss experience and rates established through the California Inspection Ratings Bureau. The Fund may assess the participants in order to eliminate any deficiency in the fund balance of the Fund.

Under the terms of the JPA, withdrawing or terminated member districts owe their pro-rata share of the fund deficiency. A withdrawing or terminated member district's pro-rata share contributions are based on its total contributions during its membership in the Fund as a percentage of the total contributions by all member districts during the same period.

The District also participates in the Beta Healthcare Group Joint Powers Agreement (BETA). BETA is a Joint Powers Authority (JPA) which is comprised of local health care districts, counties, other governmental entities and qualified nonprofits which operate hospitals, clinics and other health-related facilities and is organized pursuant to the California Government Code. The purpose of the JPA is to arrange and administer programs of insurance for the pooling of self-insured losses and to purchase excess insurance coverage, whereby the risk of loss is mitigated by the public entity pool. BETA currently has \$5,000,000 of auto liability, \$5,000,000 of comprehensive liability and \$1,000,000 of directors, officers and trustee liability coverage.

BETA provides automobile, comprehensive liability and directors' and officers' liability insurance for the District. Periodic deposits paid by each participant for the insurance joint protection are computed based on individual coverage contracts.

## 11. DISTRIBUTIONS FROM VENTURA COUNTY COMMUNITY FOUNDATION

In 2006, the District was named as a beneficiary recipient of a permanent endowment now managed by the Ventura County Community Foundation (VCCF). The District has a current beneficial interest of 100%. However, VCCF has variance power which allows the Foundation to modify the donor's stipulations under certain rare circumstances and as the Foundation monitors the changing needs of the community.

Each year, VCCF distributes a portion of the earnings based on its distribution policies, which are subject to change based on VCCF's investment management performance. The amounts received in 2019 and 2018, were \$142,876 and \$143,646 respectively. The distribution amounts are to be used only for the Care-a-Van service in Camarillo. At June 30, 2019 and 2018, the market value of the fund held by VCCF on behalf of the District was \$2,925,494 and \$2,958,280, respectively.

## 12. GRANTS

The District is the recipient of grants from government agencies and the private sector. The grants received for the year ended June 30, 2019 are:

<u>Funding Source</u>	<u>Program</u>	<u>Purpose</u>	<u>Amount</u>
Ventura County Area Agency on Aging (VCAAA)	Wellness & Caregiver Center	Caregiver Support	\$ 61,825
Ventura County Area Agency on Aging (VCAAA)	Senior Lunch Program	Senior Meals	93,905
Ventura County Area Agency on Aging (VCAAA)	Wellness & Caregiver Center	Senior Helpline	50,000
Arthur N. Rupe Foundation	Wellness & Caregiver Center	Caregiver Support	32,500
Dignity Health / Brain Injury Center of Ventura County	Care Management	Home Care Support	35,917
Caregivers Volunteers Assisting the Elderly	Care Management	Social Inovations	25,000
The Scan Foundation	Wellness & Caregiver Center	Community of Constituents	4,167
Total Grant Funds			<u>\$ 303,314</u>

### 13. CONTINGENCY

During the year ended June 30, 2015, the District made a claim against one of its vendors for reimbursement of fees. In January 2016, an arbitration panel awarded the District a judgment in the amount of \$172,410. The defendant filed a counterclaim against the District for additional fees in the amount of \$100,000. The counterclaim was dismissed in February 2017. No amount has been recognized for possible collection of the judgment.

During the year ended June 30, 2017, the District filed a lawsuit against its former Chief Executive Officer for breach of fiduciary duty in connection with the fees paid the vendor discussed in the preceding paragraph. The District alleged that the former Chief Executive Officer failed to disclose a relationship with the vendor and approved unnecessary and false invoices. In March 2018, the claim was settled in binding arbitration with a settlement to the District in the amount of \$173,000. The settlement was paid to the District in May 2018 and the arbitration and lawsuit were subsequently dismissed.

### 14. SUBSEQUENT EVENTS

The District has evaluated subsequent events through February 25, 2020, the date which the financial statements were available to be issued.

## OTHER REPORT

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of  
Camarillo Health Care District:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Camarillo Health Care District as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Camarillo Health Care District's basic financial statements, and have issued our report thereon dated February 25, 2020.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Camarillo Health Care District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Camarillo Health Care District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Camarillo Health Care District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Camarillo Health Care District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
